

WALKS SOUTH OF THE DEE

The three featured walks take you along a minor road, Birsemohr Road, with no pavement. Although not busy the road is narrow and there is poor visibility on bends. Please take care, especially with children, and walk to face oncoming traffic. All walks are within the forest so please take care following any extreme weather events as trees and branches can become unstable. If you come across any unstable looking blown trees find a safe alternative route, do not attempt to climb over or under them.

Walks in Glen Tanar
 Glen Tanar Estate has a large network of trails including Mt Keen the most easterly Munro in Scotland and an expanse of ancient Caledonian Forest. For further information see www.glentanmar.co.uk/estate-activities/explore-the-estate
